

# SWACHH BHARAT PROGRAMME - 2025

BY

M.Sc. ZOOLOGY AND AQUACULTURE STUDENTS

The students of M.Sc. Zoology and Aquaculture actively participated in the Swachh Bharat Programme organized at our college campus. The programme aimed to create awareness about cleanliness, hygiene, environmental protection, and sustainable waste management practices among students and staff.

As part of the activity, the students cleaned different areas of the campus including classrooms, laboratories, gardens, pathways, and surroundings. The participants collected plastic waste, removed dry leaves, and promoted the importance of maintaining a clean and green environment. Awareness slogans and messages on sanitation and environmental conservation were also shared during the programme.

The event encouraged teamwork, social responsibility, and community participation among the students. Faculty members appreciated the enthusiastic involvement of the students and emphasized the importance of cleanliness in building a healthy society. Such programmes support the objectives of the Swachh Bharat Abhiyan and inspire students to contribute towards a cleaner and healthier nation.
